Stanstead Nursery and Primary School

Prospectus for children age 3-11 years

An exciting learning environment

Stanstead Nursery and Primary School

A Message from the Head Teacher

On behalf of the staff I am pleased to introduce you to our wonderful school, and hope that this prospectus is both helpful and informative.

If you are considering enrolling your child at our school I hope you will come and look around – that is the best way to get to know us.

We aim to enable each and every one of our pupils to enjoy their learning, to reach their full potential in all areas and to attain the highest standards that they can achieve.

In order for us to achieve this we provide a safe, secure, supportive and stimulating environment in which children thrive and feel valued.

Children feel safe at school

Pupils are encouraged to contribute positively and we are very much rooted in our community.

We very much see the development of our children as a partnership between home and school where we work and learn together.

I hope that you have visited and enjoyed our website and as a prospective parent or carer feel motivated to come and visit us soon.

We look forward to meeting you and showing you around our school.

With best wishes,

Patricia Vladev
Head Teacher.

Mrs Aske - Office Manager
Mrs Eaton - Admin Assistant
