

**Year group:** 1

**Time Allocation:** 6 weeks

**Date:** Spring 2 2020

**Teacher:** S. Carpenter

**Stanstead Nursery  
and Primary School**

**Theme**

**Science:  
Materials**

**Lead  
Question**

**What does  
Beegu  
think of  
life on  
planet  
Earth?**

**Literacy/Phonics:**

In English this term, we will continue to build on our writing skills, looking at texts which can help us make links to our main topic of Materials. We will be starting with *Iggy Peck, Architect*, looking at a boy who likes to design buildings out of strange things! We'll then look at the book *Beegu* and discuss what an alien might think about life on Earth.

In Phonics we will be practising all of the sounds we have learnt so far, applying them to a range of different words and sentences, building up our reading skills.

**Numeracy:**

This term we will build on our knowledge of subtraction, using pictures and part-whole models to help us understand how addition and subtraction facts relate to each other. We will then begin to look at 2D and 3D shapes.

**Art**

We will continue learning how to use computers to make pictures, linking in with our Purple Mash Computing lessons.

**PE:** This term we will begin to look at Dance and how we can move our bodies in different ways, to make routines to music.

**Computing:**

We will start to use Purple Mash this term, learning about online safety and beginning to do some simple coding.

**Science:**

As our main driver this term, we will be looking at every day Materials. We will learn about the properties of materials we see around us every day, thinking about their uses. We will compare materials and test them to see how well they do their job.

**D&T:**

This term we will be focusing on Food Technology. We will look at the *Eatwell Guide* and learn about a healthy, balanced diet. We will design our own fruit smoothies and make pancakes for Shrove Tuesday.

**R.E:**

In R.E. we will be learning about the Last Supper and the Easter Story.

**PSHE:**

Our Personal, Social and Health Education this term is all about Relationships. We will think about how we are similar and different to our friends. We will learn about why it is important to listen to others and the things which make each of us special.
