

# Year 1 Homework

## Spring Term 1

Which homework will you choose to do this half term?  
Can you do at least 1 from each section?

Please bring in completed homework on a **Friday** ready to share with the class.

<b>Writing</b>	Find, draw and label 3 objects from around your house. What do they look like and what materials are they made from?	Write a list of all your favourite things.  Are some of them the same as your friends?	Practise writing some subtraction number sentences. Think about which type of number needs to come first.
<b>Research</b>	How many different materials can you spot on your journey to school?	Can you find out what houses are built from? How many different materials are used?	Use books or the internet to find out why we have chocolate eggs to celebrate Easter.
<b>Creative</b>	Draw a design for a new building and think about the materials you could use. It could be a house made of bricks, or a castle made of chalk like Iggy Peck.	Design a picture made up of different 2D shapes.  How many can you think of?	Can you make or bake some food with your grown-ups at home? Take pictures and send them via ClassDojo.

Thank you for your support.

I look forward to seeing some more excellent homework this term.
